Aldric Vane

A second life, freely chosen

Bowman / Level 3 / Updated 1 October 2026

Reborn / Wizard 3 / School of Evocation

Once a Crown battle mage and magistrate, now returned from death with a scorched signet and incomplete memories. You seek your family's names and faces, and a way to make amends.

AT A GLANCE	YOUR CURRENT BUILD
Maximum HP / Armor Class	25 HP / AC 12*
Speed / Initiative	30 ft. / d20 +2
Proficiency / Hit Dice	+2 / 3d6
Your usual contribution	Arcane damage, control, investigation, and carefully chosen protection.
Rules profile	2014 Wizard; Reborn and listed later-source spells approved

Where we are

The party is in Phandalin, immediately before entering the Redbrand hideout. Your shared leads are to find Gundren, address the Redbrand threat, and investigate the Black Spider.

Use this at the table

This is your personal reference and emergency paper copy. Current HP, conditions, spent resources, and ammunition belong on your live sheet. The numbers here do not refill them. Private sections are for you and the DM.

Your party: Trista, Pebble (Byron), Donavan (Brodey), Ringgo (Cade), and Aldric (Bowman).

FIND IT FAST: Turn guide p. 2 / Sheet p. 3 / Resources p. 4 / Spells p. 5 / Story p. 6 / Phone p. 7 / Table reference p. 8

Your turn, at a glance

Say what you want to accomplish, name a target, then choose an action. You can move before and after an action. You normally have one action, one bonus action if an ability grants it, and one reaction that refreshes at your turn's start.

WHEN / CHOICE	WHAT TO DO
Action: Fire Bolt	Ranged spell attack +6, range 120 ft.; 1d10 fire on a hit. No spell slot. A dagger is +4 to hit, 1d4+2 piercing, thrown 20/60 ft.
Action: Magic Missile	A 1st-level slot creates three darts, each dealing 1d4+1 force, within 120 ft. No attack roll. Declare where each dart goes; a 2nd-level slot creates four darts.
Action: shape the fight	Use Web to obstruct an area or a damaging spell to attack. Choose the area and targets before rolling, and check where allies are standing.
Reaction: Shield	When hit by an attack or targeted by Magic Missile, spend a 1st-level slot for +5 AC until your next turn starts and immunity to Magic Missile during that time. Ask before damage is applied.
Reaction: Silvery Barbs	When a visible creature within 60 ft. succeeds on an attack, check, or save, spend a 1st-level slot to force a reroll using the lower roll. Also give one eligible creature advantage on its next attack, check, or save within 1 minute.
Sculpt Spells	For an eligible evocation spell affecting creatures you can see, protect up to 1 + spell level creatures: they succeed on the save and take no damage if a success normally deals half. This does not apply to Web or Ice Knife.
Ability check: Past Life	After rolling a skill check, add 1d6 using Knowledge from a Past Life. Two uses per long rest. This is not an attack or saving-throw bonus.

The mistake to avoid

*Mage Armor makes AC 15 while unarmored. Shield adds +5 temporarily. Your normal approved maximum is 25 HP; the old export's 42 was replaced. No darkvision is recorded on your current build.

Senses and languages

No darkvision recorded. Resistance to poison; advantage on death saves and on saves against disease or being poisoned. Languages: Common, Dwarvish, Undercommon, Infernal.

Already included: ability modifiers and proficiency. Do not add proficiency again to the listed bonuses. Ask the DM which skill or saving throw applies.

Resources and good habits

RESOURCE	CAPACITY / RECOVERY
1st-level spell slots	4 / long rest
2nd-level spell slots	2 / long rest
Knowledge from a Past Life	2 / long rest
Arcane Recovery	1 / once per day, used after a short rest

Arcane Recovery

After a short rest, once per day, recover spent slots totaling up to 2 levels: one 2nd-level slot or two 1st-level slots. This cannot exceed the number of slots you normally have.

Reborn rest and Past Life

Your lineage does not require eating, drinking, breathing, or sleep. You can complete a long rest in 4 hours of motionless, conscious rest. Confirm safe conditions with the DM. Past Life has two skill-check uses; it does not grant complete memories.

Example turn

With clear space around allies, use a damaging spell or cantrip. If you cast Web, mark concentration and avoid replacing it accidentally. Reserve a slot for Shield if you expect attacks. Tell the DM which allies Sculpt Spells protects before an eligible evocation resolves.

Named possessions

Your magistrate's signet is scorched and stuck on your finger. Verdict Gloves have no confirmed mechanical powers in the current record. Names alone do not add bonuses.

Your spellbook

Spell attack +6 / Spell save DC 14. All ten listed spells are available under your table exception. Slots, components, concentration, targeting, and reaction limits still apply.

SPELL / COST	USE / LIMIT
Fire Bolt / cantrip	Action; +6 attack, 120 ft., 1d10 fire. No slot.
Control Flames / cantrip	Action; manipulate an existing small nonmagical flame within 60 ft. Utility, not a new damage attack.
Mage Hand / cantrip	Action; spectral hand within 30 ft. Handles light objects, not attacks or magic-item activation.
Ice Knife / 1st	Action, 60 ft.; +6 attack for 1d10 piercing on a hit. Hit or miss, explosion affects target and creatures within 5 ft.: Dexterity DC 14 or 2d6 cold. A 2nd-level slot makes the cold damage 3d6. Sculpt Spells does not apply.
Mage Armor / 1st	Action, touch; unarmored AC 15 for you, 8 hours, no concentration. Does not stack with armor.
Magic Missile / 1st	Action, 120 ft.; three darts of 1d4+1 force each. Four darts with a 2nd-level slot.
Shield / 1st	Reaction to its trigger; +5 AC until your next turn starts and blocks Magic Missile.
Silvery Barbs / 1st	Reaction to a visible success within 60 ft.; reroll using lower, plus advantage granted to one eligible creature. Ask before the result is finalized.
Aganazzar's Scorcher / 2nd	Action; 30-ft. line, 5 ft. wide. Dexterity DC 14; 3d8 fire, half on success. Eligible for Sculpt Spells.
Web / 2nd	Action, 60 ft.; 20-ft. cube, concentration up to 1 hour. Difficult terrain and lightly obscured area. Saves at relevant entry/start-of-turn triggers can restrain; escape uses an action and Strength check against DC 14. Ask the DM about anchors and fire.

A higher slot changes only what the spell says it changes. Do not automatically increase every damage roll.

What you actually know

Confirmed stopping point: immediately before the Redbrand hideout. The hideout's events have not yet been recorded as played.

RECORD	CONFIRMED SO FAR
Cragmaw Hideout	Klarg was killed. The party bargained with Yeemik to free Sildar, then left Yeemik in charge.
Rescue and arrival	Sildar was rescued and came to Phandalin. The whole party and Sildar took a long rest after the hideout.
The investigation	The party learned that the Black Spider exists and that the Redbrands have Gundren. Gundren's present location has not been established for the party.
Other encounters	The orc camp was cleared. Hamun Kost disappeared instead of fighting; his destination and method are unconfirmed.
Treasure and help	Copper and silver were found; amounts and division are unrecorded. A potion found in the hideout was used to help Aldric after he fell. Do not add it back to inventory.

For you and the DM

You remember a life of service, coercion, terrible harm, resistance, loss, and death. The return itself remains unexplained. Feelings and fragments can guide questions, but do not prove who brought you back or what they want.

Your personal opportunities

Corroborate a memory: Ask for a record, witness, or physical detail that can be checked independently.
Make atonement practical: Protect someone, return something, or accept responsibility without demanding forgiveness.
Keep the choice yours: A frightened reflex is a roleplaying prompt, not a command to harm someone. You decide how Aldric handles fear.

These are choices you can pursue, not events that have already happened or obligations imposed on your character.

Your phone at the table

OPEN	WHAT IT IS FOR
Table	Current objective, your turn, initiative, dice, and requests. Pick an action and target, then send it for DM review.
My sheet	Abilities, attacks, spells, resources, and character information. Check your name, HP, and conditions at the start of play.
Journal & clues	Published information and personal clues/notes. Use Share with party deliberately when you want a private clue shared.
Loot & promises	Party inventory and important commitments. Request a claim, transfer, equipment change, or item use; review who carries it.

Join your own character

Use the DM's current QR code or full direct join link. Select **Aldric Vane** and confirm the assignment. If it is already claimed, ask the DM to release or reassign that one phone. Do not choose another player's character as a workaround.

An action, from idea to result

Choose the action, slot or resource if relevant, and target. Explain anything unusual. Send once. **Waiting** means the DM has not decided; **needs clarification** means revise the details; **approved** is permission; **resolved** means the effects have been handled; **declined** means choose another approach. Revise or cancel pending requests when your intention changes.

Roll once; spend once

When prompted, roll digitally or enter the requested physical-dice result. Check whether the field wants a natural die or a total. Do not submit both. After resolution, check HP, resources, and concentration before manually changing them; the approved workflow may already have applied them.

Quests and exploration

The main quest appears on the TV. Shared side quests are on phones; character quests go to their owner. Use Active and Completed views where available. An unpublished quest is not a known objective. Movement, searches, and destination requests still need DM approval.

If the connection drops

Tell the DM, then reopen the current link in Safari or Chrome on the table Wi-Fi. If scanning fails, type the full link, including http:// if supplied. Check the last-updated time. A cached sheet is a reference; live rolls and changes require reconnection. Keep this PDF available offline.

Play confidently

You do not need the perfect button

Describe your intent first: "I want to get them out safely," "I search this lock for a trap," or "I ask what they actually saw." The DM tells you whether a roll is needed. Conversation, scouting, research, surrender, and retreat are valid choices.

AT THE TABLE	QUICK REMINDER
A d20 test	Roll d20 plus the listed bonus. Meet or beat AC for an attack or the difficulty for a check/save. Damage is usually a separate roll.
Advantage / disadvantage	Roll two d20s, keeping the higher / lower. They do not stack; having both cancels them. Let the DM confirm the reason.
Movement and reactions	Describe your path; difficult terrain costs extra movement. Leaving an enemy's reach can provoke an opportunity attack unless an exception applies. Say "I have a reaction" before the result is finalized.
Concentration	Only one concentration effect at once. Damage usually calls for a Constitution save, DC 10 or half the damage taken, whichever is higher. Check each damage instance with the DM.
At 0 HP	Ask the DM for death saves and mark successes/failures. Healing, stabilizing, taking damage, and being unconscious are different. Do not skip a save or declare a recovery yourself.
Resting	Ask whether the location and time permit a rest. Review Hit Dice and feature recovery before applying it. A printed maximum is not a record of what remains.

Before you leave the table

Confirm current HP and resources, important loot and its carrier, new facts versus guesses, promises, and your next objective. Tell the DM about any mistake while it is easy to correct. Note one moment you enjoyed and one thing you want your character to pursue.

Comfort and cooperation

You can pause, ask for clarification, or request that a scene happen off-screen. Give others room to contribute. Private character knowledge is roleplay material, not permission to derail another player's choices.

Record basis: Bowman's backstory and latest JSON export; corrected campaign record; 2014 Evocation Wizard; Reborn and approved spell exceptions. All listed spells are available by table rule. Build checked against the 1 October 2026 campaign backup. This is a practical summary, not complete book text. The DM adjudicates edge cases and records table rulings.
