Trista

The quiet hand

Trista's player / Level 3 / Updated 1 October 2026

Human / Monk 3 / Warrior of Shadow

A watchful former thief who uses speed, discipline, and compassion to protect people. Gundren once gave you a second chance; finding him matters personally.

AT A GLANCE	YOUR CURRENT BUILD
Maximum HP / Armor Class	21 HP / AC 14
Speed / Initiative	40 ft. / d20 +4
Proficiency / Hit Dice	+2 / 3d8
Your usual contribution	Scout, mobile striker, and protector through careful positioning.
Rules profile	2024 Monk exception within the 2014 campaign

Where we are

The party is in Phandalin, immediately before entering the Redbrand hideout. Your shared leads are to find Gundren, address the Redbrand threat, and investigate the Black Spider.

Use this at the table

This is your personal reference and emergency paper copy. Current HP, conditions, spent resources, and ammunition belong on your live sheet. The numbers here do not refill them. Private sections are for you and the DM.

Your party: Trista, Pebble (Byron), Donavan (Brodey), Ringgo (Cade), and Aldric (Bowman).

FIND IT FAST: Turn guide p. 2 / Sheet p. 3 / Resources p. 4 / Story p. 5 / Phone p. 6 / Table reference p. 7

Your turn, at a glance

Say what you want to accomplish, name a target, then choose an action. You can move before and after an action. You normally have one action, one bonus action if an ability grants it, and one reaction that refreshes at your turn's start.

WHEN / CHOICE	WHAT TO DO
Action: attack	Dagger +6, 1d6+4 piercing; spear +6, 1d8+4 piercing in two hands, or 1d6+4 in one hand; unarmed +6, 1d6+4 bludgeoning. Dagger/spear thrown range 20/60 ft.
Bonus: strike or Flurry	One free Martial Arts unarmed strike, or spend 1 Focus for two Flurry of Blows strikes. Roll each attack separately. These are alternatives, not three bonus attacks.
Bonus: defend or move	Patient Defense: Disengage free, or spend 1 Focus for Disengage plus Dodge. Step of the Wind: Dash free, or spend 1 Focus for Dash plus Disengage and doubled jump distance.
Reaction: Deflect Attacks	Reduce damage from a qualifying attack containing bludgeoning, piercing, or slashing by 1d10+7. If reduced to 0, you may spend 1 Focus to redirect: eligible target makes Dexterity DC 10 or takes 2d6+4 of the attack's damage type. DM checks target and range.
Action: Shadow Arts	Spend 1 Focus to cast Darkness; concentration up to 10 minutes. You can see within your own casting, but your allies may not. At the start of your turn, you may move its area to a space within 60 ft. of you. Minor Illusion is available without a Focus cost.
When initiative is rolled	Uncanny Metabolism, once per long rest: regain all spent Focus and heal 1d6+3 HP. It is an initiative trigger, not an anytime healing button.

The mistake to avoid

Your bonus-action options compete with one another. You do not yet have Extra Attack, Stunning Strike, or Shadow Step.

Senses and languages

Darkvision 60 ft.; special sight inside your own Shadow Arts Darkness. Languages: Common, Orc.

Already included: ability modifiers and proficiency. Do not add proficiency again to the listed bonuses. Ask the DM which skill or saving throw applies.

Resources and good habits

RESOURCE	CAPACITY / RECOVERY
Focus Points	3 / short or long rest
Uncanny Metabolism	1 / long rest

Focus and recovery

Maximum 3 Focus. A short or long rest restores it. Your Focus save DC is 10. Spend only after deciding which option you use.

Shadow practice

Darkness requires concentration. Minor Illusion can create a small image or sound; describe the intended trick and let the DM judge what someone notices. You can see in your special Darkness, not automatically through all magical darkness.

Example turn

Move to a threatened ally. Make one spear attack. If staying close is dangerous, use Patient Defense to Disengage and reposition. If you need damage instead, choose your free unarmed strike or spend 1 Focus for Flurry. You cannot also take the defensive bonus action.

What you actually know

Confirmed stopping point: immediately before the Redbrand hideout. The hideout's events have not yet been recorded as played.

RECORD	CONFIRMED SO FAR
Cragmaw Hideout	Klarg was killed. The party bargained with Yeemik to free Sildar, then left Yeemik in charge.
Rescue and arrival	Sildar was rescued and came to Phandalin. The whole party and Sildar took a long rest after the hideout.
The investigation	The party learned that the Black Spider exists and that the Redbrands have Gundren. Gundren's present location has not been established for the party.
Other encounters	The orc camp was cleared. Hamun Kost disappeared instead of fighting; his destination and method are unconfirmed.
Treasure and help	Copper and silver were found; amounts and division are unrecorded. A potion found in the hideout was used to help Aldric after he fell. Do not add it back to inventory.

For you and the DM

You found and secretly kept the BELOW token in Cragmaw Hideout. You have not shown it to the party. Its meaning and powers are unconfirmed. Deciding whom to trust is yours to play; this guide does not reveal an answer.

Your personal opportunities

Find Gundren: What would you risk for someone who trusted you? Ask what witnesses actually saw.
Choose what to share: You can confide in someone, seek advice, or keep investigating privately. Tell the DM if you want a private clue shared.
Practice control: Your new darkness can protect or confuse. Discuss a signal and an escape route before covering your friends in it.

These are choices you can pursue, not events that have already happened or obligations imposed on your character.

Your phone at the table

OPEN	WHAT IT IS FOR
Table	Current objective, your turn, initiative, dice, and requests. Pick an action and target, then send it for DM review.
My sheet	Abilities, attacks, spells, resources, and character information. Check your name, HP, and conditions at the start of play.
Journal & clues	Published information and personal clues/notes. Use Share with party deliberately when you want a private clue shared.
Loot & promises	Party inventory and important commitments. Request a claim, transfer, equipment change, or item use; review who carries it.

Join your own character

Use the DM's current QR code or full direct join link. Select **Trista** and confirm the assignment. If it is already claimed, ask the DM to release or reassign that one phone. Do not choose another player's character as a workaround.

An action, from idea to result

Choose the action, slot or resource if relevant, and target. Explain anything unusual. Send once. **Waiting** means the DM has not decided; **needs clarification** means revise the details; **approved** is permission; **resolved** means the effects have been handled; **declined** means choose another approach. Revise or cancel pending requests when your intention changes.

Roll once; spend once

When prompted, roll digitally or enter the requested physical-dice result. Check whether the field wants a natural die or a total. Do not submit both. After resolution, check HP, resources, and concentration before manually changing them; the approved workflow may already have applied them.

Quests and exploration

The main quest appears on the TV. Shared side quests are on phones; character quests go to their owner. Use Active and Completed views where available. An unpublished quest is not a known objective. Movement, searches, and destination requests still need DM approval.

If the connection drops

Tell the DM, then reopen the current link in Safari or Chrome on the table Wi-Fi. If scanning fails, type the full link, including http:// if supplied. Check the last-updated time. A cached sheet is a reference; live rolls and changes require reconnection. Keep this PDF available offline.

Play confidently

You do not need the perfect button

Describe your intent first: "I want to get them out safely," "I search this lock for a trap," or "I ask what they actually saw." The DM tells you whether a roll is needed. Conversation, scouting, research, surrender, and retreat are valid choices.

AT THE TABLE	QUICK REMINDER
A d20 test	Roll d20 plus the listed bonus. Meet or beat AC for an attack or the difficulty for a check/save. Damage is usually a separate roll.
Advantage / disadvantage	Roll two d20s, keeping the higher / lower. They do not stack; having both cancels them. Let the DM confirm the reason.
Movement and reactions	Describe your path; difficult terrain costs extra movement. Leaving an enemy's reach can provoke an opportunity attack unless an exception applies. Say "I have a reaction" before the result is finalized.
Concentration	Only one concentration effect at once. Damage usually calls for a Constitution save, DC 10 or half the damage taken, whichever is higher. Check each damage instance with the DM.
At 0 HP	Ask the DM for death saves and mark successes/failures. Healing, stabilizing, taking damage, and being unconscious are different. Do not skip a save or declare a recovery yourself.
Resting	Ask whether the location and time permit a rest. Review Hit Dice and feature recovery before applying it. A printed maximum is not a record of what remains.

Before you leave the table

Confirm current HP and resources, important loot and its carrier, new facts versus guesses, promises, and your next objective. Tell the DM about any mistake while it is easy to correct. Note one moment you enjoyed and one thing you want your character to pursue.

Comfort and cooperation

You can pause, ask for clarification, or request that a scene happen off-screen. Give others room to contribute. Private character knowledge is roleplay material, not permission to derail another player's choices.

Record basis: Current campaign record; uploaded Trista sheet; 2024 Monk and Warrior of Shadow character exception; confirmed private Session 1 outcome. Build checked against the 1 October 2026 campaign backup. This is a practical summary, not complete book text. The DM adjudicates edge cases and records table rulings.
